42. Points are awarded based on the following criteria:

	Minor Tournament	Sanctioned Tournament	State Titles
Position 1	220	300	350
Position 2	160	230	250
Position 3-4	110	175	190
Position 5-8	70	135	150
Position 9-16	40	100	110
Position 17-32	20	80	90
Position 33-64	10	65	70

43. The points are awarded regardless of the amount of entries.

44. If a player gets a bye in the first round (normally a seeded player) then they are still awarded second round points even if they don't win their first match.

45. First round losers are to receive minimum points.

46. If a player enters a tournament and doesn't show thus awarding a player a W/O then the player who didn't show isn't awarded any points.

47. A round robin event can still be awarded points in the same manner, as there is still a finishing order in a round robin event.

48. Where a plate is played for first round losers in any event, points will not be awarded.

49. This system is designed to award players who enter tournaments. Each round win in an event increases the player's points.

50. Points scored from tournaments will be accumulated throughout the year. These points will then be used to determine State Rankings for the year.

51. Tournaments conducted after the relevant State Teams selection period ends, and where there is a sanctioned tournament conducted, points will continue to accumulate towards State Ranking for that year in addition to points carrying over for the following year.
